THE "she roosters" of the District of Columbia are anxious to vote

THE Methodist Book Concern of fairs are at last, it appears, to be investigated. So says the New York Herald, the great religious paper of the country.

NEAR Colchester, In this State, Mins Precilla L. Berber lately committed saicide. A correspondent of a country "With bodily health impaired, no wonder the tired mortal, in her desperation. hurled the proud spirit back to the 'God who gave it!" Which is good.

In the report of the proceedings of the Episcopal Methodist Church, held at Jonesboro on the 7th inst., we find the assertion that "the doctrine of the church in regard to polities is to let politics alone." This church, thencannot be a close relation to the Methodist Episcopal Church, since that church considers it its duty to never let politics alone.

THE Cape Girardeau Argus, in an article entitled "A New Railroad," proposes that "a narrow gauge railroad be built, starting at Cape Girardeau, running in a northwest direction to the town of Jackson, the county seat; thence on by Millersville to the Hartlehemite iron banks in Bellinger county ; and from thence, to connect with the Grand Tower and Iron mountain 'railroad."

MRS. FAIR, now on trial in California for the murder of her paramour, Crittenden, is little less than a female devil-a woman at once debauched, intellectual, and cruel as the old Spanish inquisitors. In the old time, she would have put Lucretia Borgia to shame. She murders while she embraces, and justifies her depravity by an appeal to the God whose justice she has most shamefully outraged. Her tears flow like the waters of an unscaled fountain; her sobs are loud and her appeals for sympathy pathetic; but under the surface she is as impure as a char-

WHILE the steamer Tennessee, which cerried the San Domingo Commissioners to the country of Baer and back. was lying at Key West, Mr. Fred Douglas was invited to deliver an address one evening from the hotel balcony. In the course of his speech, referring to the fact that his friend, Gen. Sigel, was present and desired to make a few remarks, he got off the following "good joke" on the General. Said be :

"My friend, General Sigel, is a man whom I greatly respect; he has a heart as large as all humanity; he can sympa-thize with all nations, and all colors; he has always been a true friend to the col-ored people, and is well worthy their kind feeling; in fact, among all my white friends, I know of none who is more near-ly a negro than General Sigel."

UPSETTING THEIR RECORD.

The Republicans, in the enactment of the Ku-Klux bill, which in effect abolishes the State courts, places the civil power under the military, and makes it a crime to think of doing certain acts, have stultified themselves and placed a missile in the hands of their foes which we hope may be used at the proper time. Our Republican friends should read, in the light of present events, the following resolution, unanimously passed by the Chicago convention, which nominated Abraham Lincoln in 1860:

Resolved, That the maintenance invio-Resolved. That the maintenance invicate of the rights of the States, and especially the right of each State to control its own domestic institutions according to its own judgment exclusively, is essential to that balance of power on which the perfection and balance of our political fabric depend; and we denounce the lawless invasion by armed joes of the soil of any State or Territory, no matter under what pretext, as the gravest of crimes.

THE KU-KLUX OATH.

The nearer we approach to the time of holding the next Presidential election the louder will become Radical denunciation of the Ku-Klux-Klan. Already, on every hand, assertions are made that in all the Southern States the mysterious band is creating terror. while in fact everything is lovely in Dixey and peace reigns except in those districts where Radical rascals create strife for political purposes. That there

there is now such assert political order to be suppressed by public sentiment and its lawless acts punished by severe penalties. The following is half to be the oath of the mysterious (or mythical)

"You will never, in the presence of Almighty God, that you will never reveal what is now about to come to your knowledge; and you will not reveal the nesses of the men who instance you; and that you have not and do not belong to the 'Red Strings,' U. L. (Linen League) or H. of A. M. (Harces of America), or any other political toctety whose aim and inheadled is to destroy whose aim and inheadled the people, and so alternate the property with the initio man, and you are opposed to all such organizations, so bely you God. "You now further wear, is the presence of Almighty God, that you will never reveal any of its edicts, orders or principles to any person, not even a known brother, or that you are a member yourself, or who are inembers; and that you will obey all

And should you know of or see any brother or his family imposed upon by any Radical or negro, you will go to his assistance or their assistance, and render all the aid in your power. Or should you know any of them power. Or should you know any or the power, to be in imminent danger, you will immediately inform them and go to their assistance. And should you hear the word of since. And should you hear the word of will go immediately to ance. And should you hear the word of alarm given you will go immediately to ascertain the cause, and render all aid in your power. So help you God.

CENTRALIZATION PASSAGE OF THE INFAMOUS KU-KLUX BILL.

It is no Heimons as to Supprise Even its Best Friends; A Fact Due to Grant and Akerman.

ALL NEIGHBORT TO A RUKLUXAL INJURED ON PLIABLY TO HIM FOR DAMAGES. Nearly Every White Man in the South Beharred from Serving on a Federal Jury.

AN OUTRAGE ON A PREE PEOPLE.

PASSAGE OF THE KU-KLUX BILL. WASHINGTON, April 14 .- The result in the Senate on the Ku-Klux bill has sur-

prised even its most ardent friends. Not only were all the Judiciary Committee's amendments adopted on the final vote this evening, but two others very radical in their nature were proposed and agreed to. One of these gives any person who establishes legally the fact that he has been injured in person or property by the Ku-Klux the right of reclamation on the property of others in the county in which e lives. * The other strikes out the section of the House bill which abolished the iron-clad oath for jurors. The effect of this is to deprive nearly every white man burg, by Rev. C. L. Carrier. in the South of the right to set on a jur in a Federal case. The House bill, it will be remembered, proposed merely to exact an oath of the juror that he had not participated in any of the so-called outrages. The suspension of the writ of habeas corpus by the President is virtually extended beyoud the Presidential election. The bill s far more stringent than when originally reported, and quite a number of Republican members declare that the course of the Senate will not be indorsed by the ver. House. It is understood that Attorney-General Akerman, with the approval of the President, suggested the new and extraordinary modifications accepted by the Senate in the final vote. The year were 45, and the nays 19. Messre. Hill, Schurz, Robertson, Trumbull and Tipton voted

with the Democrats against it. VOTE ON THE AMENDMENTS. At 4 o'clock the Senate proceeded to vote upon the amendments to the bill re-ported from the Judiciary Committee.

Mr. Blair moved as an amendment to add the House amnesty bill.

Mr. Edmunds made the point of order, that the amendment, not being germain to the bill, could not be received.

Mr. Trumbul! thought the amendment

The amendment was finally withdrawn.
Mr. Robertson gave notice that he
